

ONLY GENUINE ACCESSORIES ARE UP TO THE JOB

Just like your New Triton, Mitsubishi Genuine Accessories are built to work hard and look smart.

Because they're designed by Mitsubishi, they'll give you the best fit and function possible. They're also the same high quality as the vehicle you fit them to.

Unlike some other accessories, Mitsubishi Genuine Accessories don't affect your new vehicle warranty. They're so dependable, they even come with a 36 month/100,000km Genuine Parts Warranty when they're fitted by a Mitsubishi Dealership.
