ONLY GENUINE AND APPROVED ACCESSORIES ARE UP TO THE JOB.

Just like your new Triton, Mitsubishi Genuine and Approved Accessories are built to work hard and look smart.

Genuine Accessories are designed by Mitsubishi, ensuring the perfect fit, function and integration with your Triton. When fitted by your Mitsubishi dealer at time of delivery, they come with a 36 month / 100,000km warranty.

When we don't have a genuine accessory available, our carefully selected, approved suppliers step up to the plate. Approved accessories undergo rigorous testing and are the only products endorsed by Mitsubishi Motors New Zealand.

Fitting non-approved aftermarket accessories may affect your vehicle's warranty.
