V6X Model Shown

Outlander PHEV LS Features: 5 Seats, Up to 84KM EV Range, 1.6L/100km Combined Fuel Economy, At-Home Charging, Super-All Wheel Control, Drive Mode Selector with 7 Drive Modes, 18-Inch Alloy Wheels, Black Cloth Seats, 9-Inch Smartphone Link Display Audio, 6 Speakers, Keyless Operation System with Push Button Start, Dual-Zone Climate Control, 12.3-Inch Digital Display, Reversing Camera, Front & Rear Parking Sensors, Full Advanced Driver-Assistance Systems Safety Suite, LED Headlights.

Safer & More Comfortable.

On any day in New Zealand you're likely to encounter a diversity of road surfaces. With 7 drive modes, the centrally mounted drive mode selector allows you to scroll through different road surfaces to select the correct one, ensuring better safety and handling. In addition, the ever-vigilant Super-All Wheel Control system makes sure you have optimum adhesion, whatever surface you're running on.

A premium 9-speaker Bose® Audio sound system is integrated into the Outlander PHEV VRX.

Infotainment Centre

All your apps, communication, navigation and audio are here on the 9-inch dash mounted screen.

Safer & More Comfortable.

On any day in New Zealand you're likely to encounter a diversity of road surfaces. With 7 drive modes, the centrally mounted drive mode selector allows you to scroll through different road surfaces to select the correct one, ensuring better safety and handling. In addition, the ever-vigilant Super-All Wheel Control system makes sure you have optimum adhesion, whatever surface you're running on.

Power and Control

At the heart of the Outlander PHEV energy system is technology that seamlessly merges the silent twin electric motors with the 2.4 litre MIVEC petrol engine. Directly in front of you the 12.3-inch Digital Driver Display screen will show you the car's energy flow.

Your Happy Place

Beautiful on-trend materials and textures have been applied to the controls and driver touch points. The VRX model offers a choice of interiors in either black or light grey, with exquisitely quilted leather-appointed seats.

A premium 9-speaker Bose® Audio sound system is integrated into the Outlander PHEV VRX.
