

ONLY GENUINE ACCESSORIES ARE UP TO THE JOB.

All new Triton has been built to tackle the toughest jobs while looking smart. You could say the same thing about the huge list of accessories available.

Only Mitsubishi Genuine Accessories are the same high quality as the vehicle you fit them to. They go the distance and they look the part. That's because they're designed, engineered and made to ensure a perfect fit, and the best possible function. In fact, the moment a new model arrives, the accessories for it are being purpose built.

Unlike some other accessories, Mitsubishi Genuine Accessories do not affect your new vehicle's warranty. They even come with their own 36 month / 100,000km Genuine Parts warranty when they're fitted to your new vehicle by a Mitsubishi Dealership.

The only possible way to improve on the all new Triton is to fit the new Mitsubishi Genuine Accessories.
