

**MITSUBISHI  
MOTORS**

**ASX**

# ***Look your best***

GETTING READY FOR A SPECIAL OCCASION CAN'T BE HURRIED.  
EVERYTHING MUST BE RIGHT, EVERY ITEM A CAREFULLY PLACED  
NOTE IN A SYMPHONY OF STYLE.  
THE FINISHING TOUCH IS YOUR NEW ASX.  
AFTER ALL, ONE SHOULD NEVER SIMPLY TURN UP.  
FAR BETTER TO MAKE AN ENTRANCE.  
WHEN YOU DO, HEADS WILL TURN. DOORS WILL BE HELD OPEN.  
*The night is yours.*

# *A lasting impression*

ASX CREATES A SENSE OF OCCASION WHEREVER  
THE ROAD OR THE MOMENT TAKES YOU.

» MODEL SHOWN ASX VRX in Sunshine Orange

» THE LATEST IN SAFETY

**ASX** is very smart about keeping you safe. Every road condition is planned for and every occupant is safely enclosed within the rigid body.

» AN EYE FOR DESIGN

**ASX** always creates a good impression. The bold, sculpted contours are unmistakable; the view of the city gracefully moving overhead through the Panoramic Roof (VRX only) is unforgettable.

» EFFORTLESS POWER

Whether you're gliding through the city or leaving it behind, **ASX** will spirit you along. You have a choice of engines for the perfect balance of power and efficiency.

» ALL THE ACCESSORIES

**ASX** spoils you with features that enhance your drive and cater to your comfort. Inside and out, every model in the range is very well appointed.

» MODEL SHOWN ASX VRX in Sunshine Orange

# ***For life, for style***

EVERY FEATURE, EVERY CRAFTED CURVE IS DESIGNED  
TO LOOK SHARP AND WORK EFFORTLESSLY.

» MODEL SHOWN ASX VRX

The seats are designed to look good and feel even better, providing absolute comfort on long journeys. The colour range offers classic or contemporary hues to make your **ASX** individual.

**VRX** is even more opulent with smart Leather-Appointed Seats, very elegant in black. Perhaps its most defining feature is the Panoramic Roof. The blind slides back at the touch of a button to reveal the avenue of a city or a star-studded sky gliding overhead. Mood lighting around the edges of the roof sets the ambiance for a night out.

**ASX** is a very distinctive vehicle and appeals to those with an appreciation for design. The most striking feature is the front grille, glinting with accents of chrome (VRX only). It complements the rest of the vehicle's aesthetic with crisp lines defining its outline. Its stance is completed with Machine-Finished 18-inch Alloy Wheels, standard on every model.

Inside, the smart curves continue along the dashboard and doors.

***Luxury  
is a given***

» MODEL SHOWN ASX VRX

» MODEL SHOWN ASX VRX

A VEHICLE LIKE ASX IS GOING TO LEAD A VERY BUSY LIFE. WHEREVER IT TAKES YOU, YOU'LL BE SURROUNDED WITH FEATURES THAT OFFER LUXURY, COMFORT AND CONVENIENCE IN EQUAL MEASURE.

Ease into the driver's seat. Let your hands close around the smooth leather steering wheel. From here you're in complete control of the vehicle and the array of features it has to offer. The power steering adjusts to your speed: firm and accurate on the open road; light and easy when you're in a car park, where you'll also appreciate the small turning circle.

The buttons for the Cruise Control, standard on all models, are right by your fingers. The steering wheel itself adjusts in 4 directions to let you find the most comfortable driving position. Whether you're on Android or iPhone, the Smartphone Link Display Audio System makes total connectivity effortless. Simply plug your phone in and use voice commands to activate music, send messages, make phone calls and access maps from your phone.

The rear cargo area is wide and tall, while the floor sits low. This lets you carry any item and access it with ease. If more space is needed, the rear seats split 60:40 and fold down quickly. The spare wheel is tucked away unobtrusively.

On VRX the days of fumbling for car keys while arms are full are gone. With Keyless Operation System just press a button to start and stop the engine.

# Your safety is everything

THE SENSE OF EASE ASX CREATES IS DUE TO ITS ELEGANT DESIGN, AND ALSO TO THE MANY FEATURES THAT KEEP YOU AND YOUR PASSENGERS AS SAFE AS POSSIBLE.

ASX is designed with safety in mind. To help you steer clear of danger, all models feature Active Stability and Active Traction Control. Lane Departure Warning and Blind Spot Warning on XLS and VRX keep you safer on the highway. The ABS brakes stop you as soon as possible. If you hit both pedals accidentally, the Smart Brake only applies the brake.

The body encloses you in a very strong, high-tensile lattice that absorbs energy and is equipped with seven Airbags, including Side, Curtain and Driver's Knee – standard across the range. The front seat belts are designed to tighten and release in the safest possible way.

The elevated ride height lets you see hazards sooner. Other drivers will see you thanks to the LED Daytime Running Lights and the hazard lights illuminate under extreme braking. On XLS and VRX the headlights dim automatically, while Forward Collision Mitigation reacts to the vehicle in front and slows you down if a collision is imminent.

ASX CONVEYS A VERY STRONG SENSE OF DESIGN. THERE'S ALSO AMPLE POWER AND EFFICIENCY, THANKS TO SMOOTH TRANSMISSION AND A CHOICE OF ENGINES.

For driving around town, or gliding through the country, the 2.0L MIVEC Petrol Engine provides easy power and the ability to take off smartly. Despite producing 112kW of power and 200Nm of torque, this engine uses only 7.6 litres per 100km and emits 176 grams of CO<sub>2</sub> per km.

If more power is called for, the luxurious VRX offers a larger 2.4L Petrol Engine. Full loads or long drives are easily taken care of with 125kW of power and 226Nm of torque at your service.

Whichever engine suits your needs, you'll enjoy the smooth acceleration of the CVT Transmission system. Unlike ordinary transmissions, which use cogs, CVT employs a belt-drive system to constantly maintain the perfect balance between efficiency and the delivery of power.

And as you drive, traction systems monitor and respond to the road conditions for enhanced safety.
