

**MITSUBISHI  
MOTORS**

**OUTLANDER  
PHEV**

More or less?

Head or heart?

Your head is saying yes to less

Less petrol

Less cost

Less emissions

Less carbon

Your heart is saying yes to more

More performance

More features

More space

More style

Can you really have both?

You know the answer

You've made your choice for the next generation

The Next Generation Outlander PHEV.

# NEXT GENERATION OUTLANDER PHEV.

» MODEL SHOWN OUTLANDER PHEV VRX in White Diamond.

## » POWERHOUSE

Completely reimagined, New Zealand's leading PHEV now takes on more charge for greater range and performance. Chargeable at home off a standard 3-pin plug or fast charge in the city. With over 80km EV range\*, it's the most capable Outlander PHEV yet.

## » TECHNICALLY SPEAKING

All-new design and intuitive needs-based technology will have you wondering how you ever did without it.

New levels of driver control through advanced safety aids and clearer real time communication have created a safer and more enjoyable SUV.

## » VISUAL MASTERPIECE

Whatever way you look at New Zealand's iconic family SUV, you'll be impressed with what you see.

The design evolution has given the vehicle a powerful new stance with aesthetically-pleasing new improvements inside and out.

Look closely and you'll see the signature PHEV badge that identify it as something very special.

\*Fuel economy and range figures are based on the ADR 81/02 test for combined urban/extra urban driving. Please note that actual on-road fuel consumption will vary depending on traffic conditions, vehicle load and the individuals' driving styles.

# Your New Comfort Zone.

STEP INTO THE LUXURIOUSLY-APPOINTED NEXT GENERATION OUTLANDER PHEV AND YOU'RE IMMEDIATELY IN A DIFFERENT WORLD.

The first thing you'll notice is how much bigger the cabin feels. The new slimline dash creates a clean horizontal line that beautifully frames the world outside. A centrally-mounted 9 inch infotainment screen seems to hover in anticipation in front of you.

The VRX model offers you a choice of an on-trend interior in either black or light grey with exquisitely quilted leather-appointed seats and door trims.

The new wider body allows more space for both front and rear passengers. The centre console is wider too, offering up the gear shift and seven-option drive mode selector within comfortable reach.

Aesthetics have been a major consideration with this redesign and all touch controls have been finished to be pleasing to the touch.

Directly in front of you is the 12.3 inch digital driver display screen. This provides all your vital driver information and also displays a clear visual representation of the road surface you select on the drive mode selector.

The super sharp head-up display system is a safety feature game changer, allowing you to see real time driver information projected directly onto the windscreen in your eyeline.

With your smartphone set in the wireless charging dock, you push the start button and in that moment you become the centre of attention. All you'll hear is silence as the twin electric motors wake a galaxy of technology that instantly link together to take care of you and your passengers.

» MODEL SHOWN OUTLANDER PHEV VRX WITH LIGHT GREY INTERIOR

» COMFORT FOR ALL (LEFT)  
On VRX, heated seats throughout gives driver, passenger and 2nd row passengers separate control over their seat temperature.

» ADAPTIVE LED HEADLIGHTS (FAR LEFT)  
On VRX, Adaptive LED Headlights adjust their illumination to the changing light, traffic and road conditions to ensure the premium visibility in front of you.

» ALL THE INFORMATION YOU NEED  
The 12.3 inch digital driver display keeps you up-to-date on the status of your Outlander PHEV and the high-resolution display is customisable to showcase navigation, entertainment options, S-AWC information and much more.

» Outlander PHEV VRX in Black Diamond.

# Outlander PHEV

» Outlander PHEV LS Cloth Trim.

» Outlander PHEV XLS Synthetic Leather Trim.

» Outlander PHEV VRX Black Leather Trim.

» Outlander PHEV VRX Light Grey Leather Trim.

## Level up in every detail.

OUTLANDER PHEV BRINGS YOU THE NEXT LEVEL IN FEATURES FOR YOU AND YOUR FAMILY.

» (ABOVE) LIGHT AND AIRY  
On VRX, a touch of a button, the power panoramic sunroof lets in more natural light and creates a spacious feeling.

» (MIDDLE RIGHT) PORTABLE POWER  
On VRX, there are two 1,500 watt power outlets (220-240V) which can be used to run standard appliances.

» (ABOVE RIGHT) CHARGE UP  
Outlander PHEV can be charged at home from a standard 3-pin plug or from public EV fast-chargers.

» (RIGHT) SELECTING YOUR DRIVE MODE  
Aesthetically designed Shift and Drive mode selectors feel premium to the touch.

### LS AT A GLANCE:

- + 5 Seats
- + Up to 84KM EV Range
- + At Home Charging
- + Super-All Wheel Control
- + Drive Mode Selector with 7 Drive Modes
- + 18 Inch Alloy Wheels
- + Black Cloth Seats
- + 9 Inch Smartphone Link Display Audio
- + 6 Speakers
- + Keyless Operation System with Push Button Start
- + Dual-Zone Climate Control
- + 12.3 Inch Digital Display
- + Reversing Camera
- + Front & Rear Parking Sensors
- + Full Advanced Driver-Assistance Systems Safety Suite
- + LED Headlights

### XLS INCLUDES ALL LS FEATURES PLUS:

- + 7 Seats
- + 20 Inch Machine-Finished Two Tone Alloy Wheels
- + Black Synthetic Leather Seats
- + Driver & Passenger Front Row Heated Seats
- + Smartphone Wireless Charging

YEAR YEAR

## A VERY WELL MADE WARRANTY

---

There's no better protection for your new Mitsubishi than our **Diamond Advantage Warranty**. Whichever Mitsubishi\* you see yourself in, wherever the road takes you, you'll be thoroughly covered from bumper to bumper.

Our **Diamond Advantage Warranty** comprises a **10 year / 160,000 km powertrain warranty** that covers everything from engine to axle; a **5 year / 130,000 km new vehicle warranty**; and **5 years' Premium Roadside Assist**, which looks after you if the unexpected should happen. It's the warranty designed for complete peace of mind.

The Outlander PHEV battery is covered by an 8 year/160,000km warranty, which is very reassuring protection for one of the vehicle's main components.
