

BORN TO ROAM THE HIGH COUNTRY TODAY, AND TURN UP FOR A HARD DAY'S WORK TOMORROW. MUSCULAR WITH BOUNDLESS ENERGY AT THE TOP OF ITS GAME, THIS IS THE TRUCK THAT'S EARNED ITS REPUTATION AS

in the second and the second

and the second second second

# Tough as stone.

TRITON

SQUARE AND TOUGH, ROCK OR SHINGLE, THIS BEAST IS UP FOR THE DAILY GRIND.

### TRITON, HOW GOOD.

### » THE FULL PACKAGE.

Triton is the full package of power, off-road capability, technology and safety. Designed to achieve a 5-star safety rating, the Beast is crammed full of advanced safety features, a powerful new diesel engine with AdBlue, Mitsubishi's 4WD Super Select II system and extraordinary levels of driver and passenger comfort.

### » BY THE NUMBERS.

The beating heart of this Triton is its 2.4 litre intercooled bi-turbo diesel engine delivering 8.6 litres per 100km<sup>•</sup> and punching out 150kW and 470Nm of torque. Add a 3.5 tonne braked tow capacity and you've got a truck that ticks all the boxes.

### » DRIVE ANYWHERE.

Mitsubishi's envied 4WD Super Select II makes Triton supremely capable on road and off. It's so good, 4WD can be a engaged on sealed roads at highway speeds. 7 terrain modes, manual rear diff lock and tyre pressure monitoring;" plus a lot more, add up to a confident, sure-footed drive.

### » LOADED WITH LUXURY.

From the outside it's all Beast, but step inside and it's like a luxury SUV. Triton welcomes you into its quiet, ergonomically designed cabin with comfort on hand at every touch.

On VRX, the heated steering wheel and heated front seats, push-button start and wireless phone charging bring well-deserved luxury at the end of a hard day.

» MODEL SHOWN TRITON VRX in Pitch Black with optional accessories.

<sup>\*2</sup>WD models only. Fuel economy and range figures are based on the ADR 81/02 test for combined urban/extra urban driving, calculated to WLT-3P. Please note that actual on-road fuel consumption will vary depending on traffic conditions, vehicle load and individuals' driving styles.
\*\* Available on VRX models.

## Drive Mode.

TRITON IS FITTED WITH MITSUBISHI'S TRUSTED 4WD SUPER SELECT II. ON 4WD MODELS, THE 4WD SUPER SELECT SYSTEM IS EASILY OPERATED VIA THE DRIVE MODE DIAL IN THE CENTRE CONSOLE.

- » SUPER SELECT II (ABOVE)
   Command multiple terrain conditions with just 3 centrally positioned soft-touch controls.
- » 7 DRIVE MODES & PICTORIAL VISUAL DISPLAY (RIGHT) Enhance Triton's traction with the off-road selector switch. 7 surface conditions are pictorially displayed on the multi-information display.

Optional accessories shown.

Triton offers a full complement of 7 terrain modes to ensure nothing stands in your way. Gravel, sand, mud, rock or snow, this Beast will confidently tackle any surface you point it at. Off-road, Triton feels surefooted regardless of the task. Features like Manual Rear Diff-Lock and the awesome Hill-Descent Control mode deftly manage your progress crawling up, over and down the landscape.

Capable of running in 4WD on sealed road at highway speeds puts Triton way out in front. Try doing that in some other ute and you could kiss goodbye to your transmission

n	and your warranty. Then there's Active
	Yaw Control. First developed for the
S	rally legend Mitsubishi Evo, Active Yaw
	Control maximises every millisecond of
-	each tyre's grip on the road, improving
5	handling and safety.
	It's testament to Triton's construction that,
	despite all this technology, it's covered by
	New Zealand's best Powertrain Warranty.
	The entire drivetrain is covered for 10 years
ls	/ 160,000km, with a 5 year / 130,000km
15	new vehicle warranty and 5 years Premium
ıd	Roadside Assist.
on	

## Exceed the dress code.

WITH ROOM FOR ALL THE CLUBS AND YOUR MATES, YOU'LL SCORE POINTS FOR COMFORT AND ATTITUDE.

## A good day's work. Give that man a Triton.

ARRIVING ON THE WORK SITE YOU WANT TO BE SURE YOU HAVE THE RIGHT MACHINE FOR THE JOB. TRITON IS BUILT TOUGH AND BIG SO THAT IT GETS THE JOB DONE FIRST TIME.

With at least a 1,000kg payload and a widened tray across the range, carrying capacity isn't in question.

Under the hood lurks a 2.4 litre bi-turbo diesel power plant equipped with the addition of AdBlue<sup>®</sup>, bringing emissions down to Euro 6B standards.

We get that when you're running your own business, fuel economy takes on greater importance, so Triton 2WD delivers 8.6 L/100km.

Under your right foot is an impressive 150kW of power, delivering 470Nm of torque. That's enough to give this Beast a 3.5 tonne tow capacity.

The engine's twin turbos allow peak torque to be delivered from low speeds making acceleration smooth and towing easy.

Inside you'll find a luxurious well-appointed interior. A welcome comfort at the end of a long day. A combination metre cluster with speedometer, tachometer and 7-inch multi-information display along with a 9-inch navigation and smartphone link display screen, sit in front of you. On GLX-R and VRX, charge your phone without a cable by simply placing it in the charge space in the centre console.

## Tow it like you own it.

With 15,000km of coastline, it's no wonder boating is New Zealand's most popular recreational activity. Over 15% of Kiwi families own their own boats and this is where Triton comes in.

The new Mitsubishi Triton is the perfect addition to your boating family, with room for 5, seated in comfort, all your gear in the tray and your boat on the back. When you tow your boat with a Triton, it's not just you being careful.

You can safely tow up to 3.5 tonnes braked because Triton has a wrap-around toolbox of towing aids to take care of your pride and joy on the journeys to and from the water. For starters, the reversing camera makes hitching up easy, so you no longer need someone waving their arms behind you. Rear Cross Traffic Alert and Multi-Around Veiw Monitor warn you of any pedestrians or obstacles around you as you reverse.

Tyre pressures become super important when towing, so the Beast's tyre pressure monitoring system<sup>\*</sup> keeps an eagle-eye on that for you too.

Underway, you have safety features watching over your rig like Trailer Stability Assist, Active Yaw Control, Active Stability and Traction Control.

» TYRE PRESSURE MONITORING SYSTEM Check tyre pressures without leaving the cabin.

\* Available on VRX models.

Inside VRX, you and your passengers will enjoy the ride to the marina in next-level premium comfort. A leather-trimmed wide cabin with dual-zone climate control, rear air circulation vents, heated steering wheel and heated front seats make this Beast feel more SUV than Ute.

### further left you'll take in the wide horizon line of the accentstitched slimline dash and the front passenger area.

Between you, the centre console presents you with controls to the Beast's exceptional Super Select II 4WD system, gear lever and dualzone climate controls along with the ever-important twin coffee cup holders. Speaking of cup holders, there are 6<sup>\*</sup>, along with 4 bottle holders<sup>\*</sup> too.

Twin glove boxes and a central deep storage bin provide additional hideaway storage space to tidy away your stuff. \* Available on VRX models.

## Wide-open spaces.

YOU MIGHT WONDER HOW IT'S POSSIBLE TO HAVE PRACTICALITY AND LUXURY AT THE SAME TIME, WELL, SETTLE IN BEHIND THE WHEEL AND THAT'S EXACTLY WHAT YOU'RE LOOKING AT.

One press of the push-button start and an exciting world of supreme capability and ergonomically designed luxury comes to life all around you.

On VRX, the leather-trimmed seat you're sitting on is power-adjustable 6 ways. If it's chilly, both front seats can be heated. While you're warming up, turn on the 3-spoke heated-leather steering wheel and put your smartphone in the wireless charging space.

Directly ahead of you, you'll see the 7-inch multi-information display that provides all your driver and vehicle monitoring information. Just to the left is the 9-inch navigation information and entertainment screen, and looking

- » PUT IT THERE (TOP) Wireless phone charging in the centre console.
- » ADDITIONAL STORAGE FOR REAR SEAT PASSENGERS (ABOVE) You'll find room for your stuff in the seat pocket in front of you.
- » HIDEAWAY DASH-MOUNTED CUP HOLDERS<sup>\*</sup> (BELOW) Coffee now? It's all right you've got this.

ANY DAY OUT ON THE TRAILS YOU EXPECT TO PROTECT YOURSELF. ANY DAY OUT IN THE BEAST IS NO DIFFERENT.

Each time you head out, Triton's structural and electronic safety features link to protect you, your passengers and those near your vehicle.

To start with, Triton is built on a tough, rigid steel chassis designed to direct energy away from passengers in a collision. Add to that 8 airbags, rear-door child safety locks, rear seat ISOFix and Speed Sensing Door Locks and you can check those off the list.

Making negotiating tight spaces easier, you have audio parking sensors, a rear-view camera and a multi-around view monitor with movement detection, all displayed on the 9-inch infotainment screen in front of you. Underway, you're joined by driver aids like Adaptive Cruise Control, Lane Departure Warning, Blind Spot Warning and Hill-Start Assist to name just a few. Making sure your Triton maintains maximum grip levels, Active Stability and Active Yaw control and Electronic Brake Distribution, along with ABS and Traction Control have all got your back.

In all, the Beast has over 20 safety features built in to its solid frame.

Just like in the natural world there is safety in numbers. It's the sum of all these parts that makes Triton, The King of the Beasts.

» MODEL SHOWN TRITON VRX in Pitch Black with optional accessories.

» CLEANER RUNNING AdBlue reduces harmful nitrogen oxide emissions in the exhaust and converts them to less harmful nitrogen and water.

### And another thing.

» (TOP RIGHT) DETAILS. DETAILS Premium leather interior with contrasting orange stitching on VRX.

ERGONOMICALLY DESIGNED Triton offers improved air conditioning performance, reaching the desired temperatures quckly, no matter the outside conditions.

» (RIGHT) THE HEART OF THE BEAST

The powerful 2.4 litre Bi-Turbo diesel engine features 'twin-stage' turbo charging that provides peak torque.

» MODEL SHOWN TRITON VRX in Pitch Black.

### A VERY WELL MADE WARRANTY

There's no better protection for your new Mitsubishi than our **Diamond Advantage Warranty**. Whichever Mitsubishi' you see yourself in, wherever the road takes you, you'll be thoroughly covered from bumper to bumper.

Our **Diamond Advantage Warranty** comprises a 10 year / 160,000 km powertrain warranty that covers everything from engine to axle; a 5 year / 130,000 km new vehicle warranty; and 5 years' Premium Roadside Assist, which looks after you if the unexpected should happen. It's the warranty designed for complete peace of mind.
